### Submitter Comments:

I don't want to know what happens to our beloved Brisbane when decisions involving sacred land are so callously and barbarically chosen. There are far more appropriate places to build a stadium. Brisbane is desperately in need of our heritage to ensure a connected, protected and safe community. Our greenspace needs to increase, not destroyed. To ensure we are balanced and connected community, Victoria park needs to be held in reverence as a peaceful and sacred piece of our history. We need to think higher and take action from a more conscious place or the connectedness of our people and place will be lost.
